USP 797 CLEAN ROOM

WHAT IS USP 797?

USP 797 is a protocol implemented by the Food & Drug Administration for all involved in the compounding of sterile products.

WHY WAS USP 797 CREATED?

USP 797 Was created to guarantee a safe environment for products being created or worked on that need to be sterile.

WHO NEEDS USP 797?

- Pharmacies
- Hospitals
- Medical Environments
- Factories

WHAT CAN HALCO DO!

What can Halco do? Halco has been involved in the design, construction, accessorizing, and certification of Clean rooms for over fifty years. Halco has experience nationally & internationally of implementing the needs of our customers when it comes to sterile environments.
