# LAMINAR FLOW TABLE TOP MODEL

## FEATURES:

- Formica Covered particle board
- All trim anodized aluminum
- Electrical 110/60/10
- Convenience outlet (optional)
- Static pressure gauge (optional)

## CONSTRUCTION:

Specifications The Model # 3030H affords 500CFM at 90±20 FPM of Sterile Air. HEPA filter is 99.97% effective on all particles of .3 microns. The Minette series is unique since the portability feature enables point of use, handling of materials and compact to satisfy space restrictions. Same filtration features as larger units at a fraction of the cost. Table top units in four popular sizes.

## FINAL FILTERS:

The HEPA filter removes 99.97% of all organisms and bacteria-laden droplets and other particles ranging in size down to 0.3 micron. The retained pathogenic bacteria become desiccated and emasculated.

## PERFORMANCE:

Meets requirements of Federal Standard 209E-class 100-Test certificate submitted, all units DOP tested and guaranteed for one full year from delivery.

## ELECTRICAL:

Operates on standard 110 volt current.

## CERTIFICATION:

Each work station is certified (Federal Standard 209E) to meet Class 100 requirements.

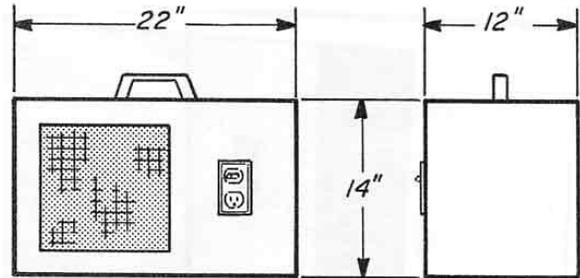

## GUARANTEE:

Fully guaranteed against defective workmanship or material. A written guarantee accompanies each unit. Halco offers a system that is unconditionally guaranteed for one full year from delivery.
